

PORTFOLIO  
YEAR 2026

## About us

Matrix Design Works is a Lagos-based bespoke furniture and interior solutions company founded in 1999. We specialise in premium wardrobes, kitchens, flat-panel systems, and turnkey interior furnishing.

Our expertise spans design, fabrication, installation, and project management,

supported by in-house technical teams and more than two decades of craftsmanship and operational excellence.

We work with property developers, architects, corporate organisations, commercial operators, and private residential clients, delivering refined, functional, and durable interior environments.

## Bespoke Furniture & Interior Solutions Since 1999

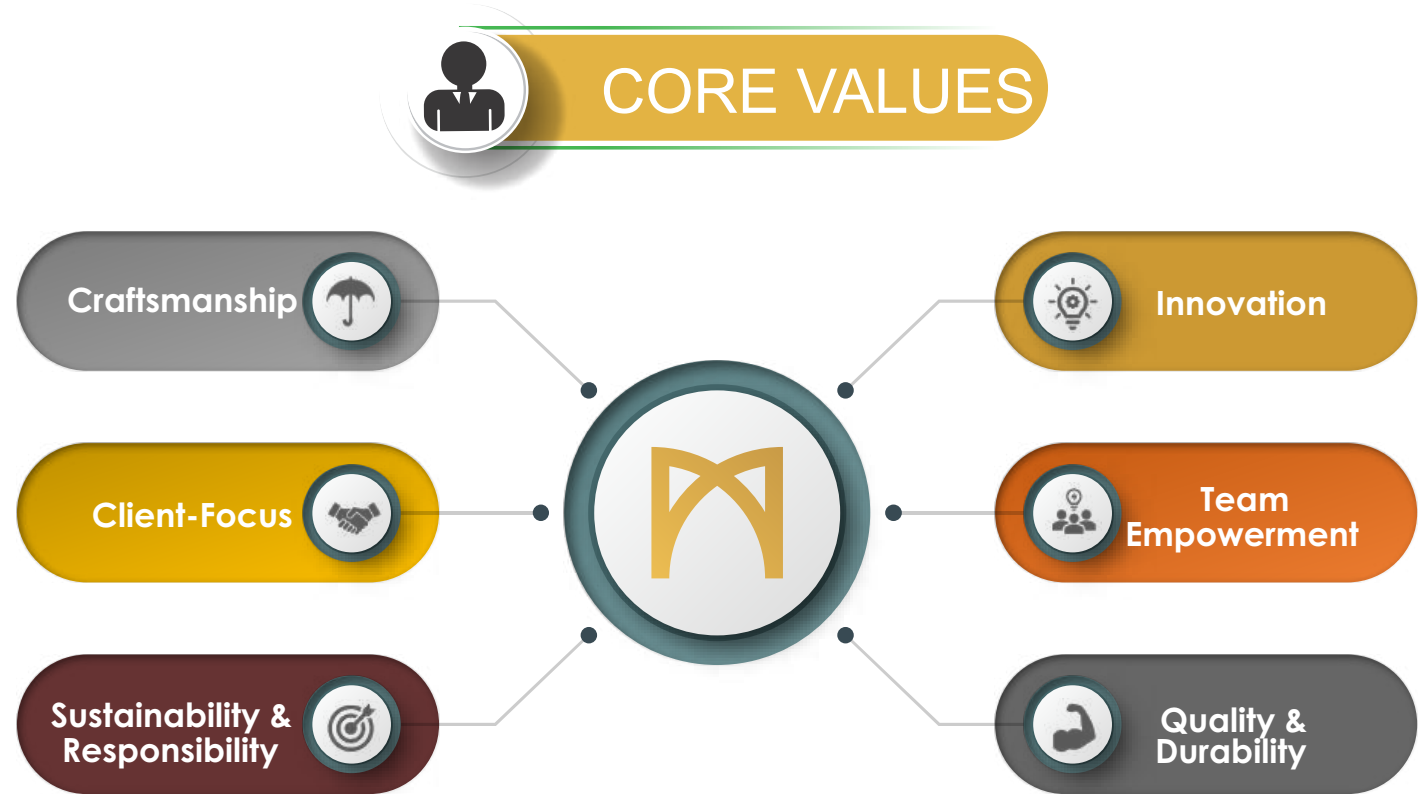

# Corporate Vision

To be Nigeria's premier bespoke furniture and interior solutions provider.

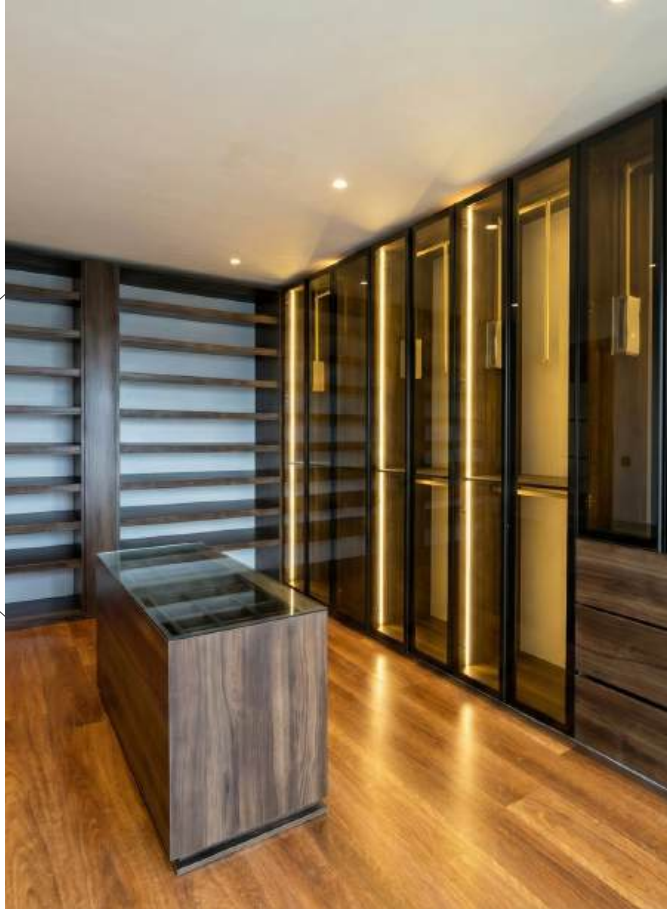

# Corporate Mission

To consistently deliver refined, tailor-made furniture and interior environments through exceptional design, precision engineering, and reliable project execution.

# Core Values

# OUR PROJECTS

# Bella Vista

# Airport lounge

A modern airport lounge interior by Matrix Design, crafted to offer travelers a refined, calm and functional environment. The design integrates clean architectural lines, custom furniture, layered lighting and neutral finishes to create a premium, welcoming atmosphere within a dynamic airport setting.

# James Hope Project

A modern college cabinetry by Matrix Design, featuring modular high-gloss cabinetry, solid-surface countertops, marble-finish cladding and integrated LED lighting for efficient, durable and refined everyday use.

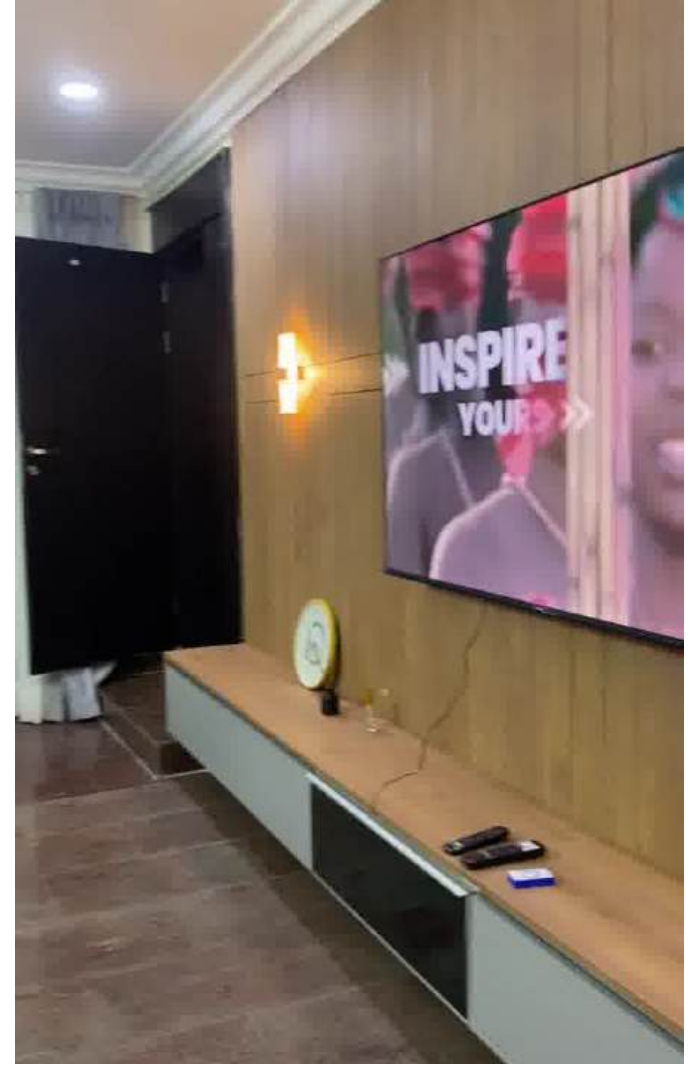

# Mrs Benita
